#### **DESCRIPTION**

- 702 Floor Wiping Solution is a colourless liquid with a strong odour. It's a blend of solvents. It is highly effective as a degreaser or cleaning agent.

#### **FEATURES**

- Economical.
- Easy to use.

#### **USES**

- Cleaning of paint brushes and spray- painting equipment.
- Helps with chemical bonding if existing coating is fully cured.
- Removes tar, bitumen, oil and grease from most substrates.
- Removes epoxy, polyurethane and other resins from equipment before they have cured.

#### **APPLICATION**

- For best results heavy deposits of oil, grease or residue matter must be removed by mechanical means prior to applying Floor Wiping Solution. Use Floor Wiping Solution undiluted onto the surface area and scrub into the substrate. Once the product has been applied, leave for 10 minutes to enable the cleaner to soften and penetrate the deposit before wiping with cloth or brush. This process can be repeated as often as required until the desired result is achieved.

**TECHNICAL DATA**

<b>MATERIAL TYPE</b>	: Solvent
<b>APPEARANCE</b>	: Water White
<b>SG</b>	: 0.805
<b>FLASH POINT</b>	: 4°C
<b>PACKAGING</b>	: 5L&20L
<b>STORAGE</b>	: Ideally between 5°C and 25°C
<b>SHELF LIFE</b>	: 12 months

The technical data furnished is obtained from controlled laboratory tests under ideal application conditions.
